

2950 Series Zero Turn Mower

Using the 2950 Series you'll feel like a commercial cutter. With its heavy-duty commercial features and its residential design, it's a high-performance machine you'll never want to get off.

Fabricated with 10-gauge steel, this 61" fabricated mower deck has been welded and reinforced for tough jobs. The arbors have ball bearings with grease fittings for easy maintenance to keep you mowing. Now with a new limited lifetime warranty.**

The Commercial Turf Series™ Engine is built for zero turn mowers and designed to perform under harsh, demanding conditions. With its patented five-step integrated cyclonic air management system, the Commercial Turf Series™ Engine provides ultimate dust and debris protection for extended engine life.

Built for high performance applications, the Hydro-Gear® ZT-3100® hydrostatic transaxles delivers smooth control while changing directions and speeds.
