

4900 Series Zero Turn Mower

Operator visibility and product versatility of the new Massey Ferguson® 4900 Series is exceptional. The out-front design is perfect for trimming around trees, bushes, extended fence lines and intricate landscaping. Five-acre-an-hour mowing efficiency delivers professional level productivity while optional mulching kits, collections systems and a 60" width two-stage snow head offers the versatility that makes the new Massey Ferguson® 4900 Series truly unique!

Electric deck lift allows you to raise the deck with a flip-of-the-switch to make deck maintenance a snap.

Built for the most challenging applications this 896cc Vanguard™ BIG BLOCK™ has been expertly engineered to deliver the dependability people need to get a lot more done in less time.

The pivoting rear axle, in conjunction with the floating front frame, allows the 4900 to follow the contours of the lawn for a precise, manicured finish.
