

UNRIVALED CUTTING, COMFORT AND UTILITY

INTRODUCING THE ALL-NEW **SIMPLICITY COURIER™**

Introducing the Courier™ Residential Zero Turn Mower. Along with the exclusive Suspension Comfort System™ and commercially-inspired features such as fully-welded frames and rugged front axles, the all new Courier also brings new levels of utility to the yard through an integrated rear cargo bed† (standard on most models).

DEEP PROFILE OR FABRICATED DECK with fixed rollers assures excellent quality of cut leaving behind a beautifully striped lawn. The fabricated deck even includes a limited lifetime warranty.‡

BRIGGS & STRATTON PROFESSIONAL SERIES™ ENGINE WITH READYSTART® no prime, no choke starting system allows for easy key-starts, time after time.

NEW

INTEGRATED REAR CARGO BED with a 50-lb. capacity† offers added utility out in the yard to conveniently carry tools, plants, and more.

MORE THAN JUST A ZERO TURN MOWER with a great quality of cut, the integrated cargo bed‡ along with its other great features make the Courier™ a versatile workhorse in a category of its own.

SUSPENSION COMFORT SYSTEM™ complete with front or front & rear springs, allows the operator to feel 25% less impact while operating, resulting in enhanced comfort versus a non-suspension zero turn mower*. Plus, an ergonomic mesh seat keeps riders cool and comfortable.

FOOT-ASSISTED HEIGHT OF CUT allows for easy adjustment between 13 possible height-of-cut positions from 1.5 to 4.5 inches.

†50 lb. capacity, do not overload; do not carry passengers. See operator's manual for details. ‡See operator's manual for complete warranty details. *Results of Suspension Comfort System™ depend on grass/yard conditions.
